Masahat
festival

Join us in a carnival of grief
and a cultural and political
festival centered on Palestine.
Together we will find
solace and inspire hope in
celebrating Arab culture!

The theme for Masahat 2024 is protest.
Since the onset of the genocide in
Gaza, the Norwegian public has shown
immense solidarity with the Palestinian
people. Reflecting on our shared grief
and anger, we offer spaces to historicize,
think and organize in and beyond the
streets and build enduring communities
of friendships and solidarity.
